

SteelCentral NetAuditor Trade Up Program

Trade up your existing OPNET NetMapper, Sentinel or NetONE licenses for SteelCentral NetAuditor

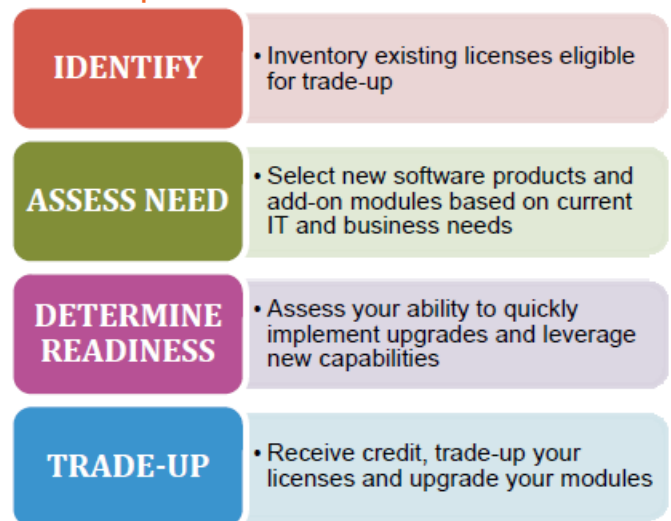

With the new SteelCentral NetAuditor, you will:

- Be able to integrate with SteelCentral Portal for unified viewing and reporting of network, application, infrastructure, and end-user-experience performance data.
- Spend less time creating up-to-date diagrams by generating accurate web-based on-demand infrastructure diagrams and maps for troubleshooting, regulatory compliance, planning, change management and inventory reporting
- Maximize uptime performance and avoid network outages by rapidly detecting and correcting network misconfigurations
- Prove compliance with SLAs, regulatory, organizational, and security policies using a rich set of high-quality reports
- Increase IT efficiency by freeing staff to work on important business initiatives with automated auditing and reporting
- Speed troubleshooting with an up-to-date inventory of logical and physical dependencies, device configurations and network changes

Upgrade existing licenses

- Upgrade existing licenses with a loyalty discount up to 100%, depending on product
- Receive credit for any unused support, and start fresh

Next steps

Ensure success

Let us help you succeed. Our experienced professional services team can:

- Evaluate your readiness and current IT and business needs
- Install and implement your upgrades using best practices
- Enable your team to maximize your investment

Trade up guidelines

When you participate in the trade-up program, you will need to:

- Trade in your NetMapper, IT Sentinel or NetONE licenses for NetAuditor licenses
- Select any optional add-on modules
- Start a new support contract for all the selected components, any unused maintenance will be returned to you
