

Cascade Trade Up Program

Trade up your Cascade Profiler for SteelCentral NetProfiler

The new SteelCentral NetProfiler solutions provide superior scale, resolution and capacity to speed your monitoring and troubleshooting efforts. The new NetProfiler appliances provide:

- Double the base flow capacity or up to 10 million unique flows per minute (FPM)
- Quadruple the raw flow capacity or up to 100 million raw FPM
- Double the “path resolution”; the ability to collate flow and packet data from up to 10 devices along a single path
- Up to a 10x improvement in “rollup” reporting performance
- 10-fold increase in the number of tracked analytics policies (100,000)
- A nearly 4-fold increase in the number of tracked host groups or “locations” (1,800)

Leverage attractive incentives

- Get up to \$25,000 in credit for each Cascade appliance you trade up
- Receive credit for any unused support and start fresh

Ensure success

Let us help you succeed. Our experienced professional services team can:

- Evaluate your readiness and current IT and business needs
- Install and implement your upgrades using best practices
- Enable your team to maximize your investment

Trade up guidelines

When you participate in the Cascade trade-up program, you will need to:

- Trade one older appliance for one new appliance or virtual appliance
- Trade up to an equivalent or higher-sized model (See Trade Up Options tables below.)
- Start a new support contract; any unused support is returned to you
