

NOS200 Network Planning and Configuration Management Essentials

This five-day course offers an introduction to the Riverbed® Network Planning and Configuration Management (NP&CM) solutions and includes coverage of these products: SteelCentral™ NetPlanner, SteelCentral NetAuditor, and SteelCentral NetCollector.

This course is designed for Riverbed customers and resellers/partners involved in the deployment or administration of the Riverbed Network Planning and Configuration Management solutions.

Course Topics

Network Planning and Design (SteelCentral NetPlanner)

- Data-driven web reports for capacity planning.
- Capacity planning and failure analysis studies.
- Design and optimize data networks to meet routing, performance and resiliency objectives.
- Multi-layer packet and optical network planning with the OpticalPlanner module.
- Design resilient, cost-effective optical transport networks.

Device Data Collection and Polling (SteelCentral NetCollector)

- Online configuration for automatic data collection.
- SNMP device configuration and interface metric collection.

Network Mapping and Auditing (SteelCentral NetAuditor)

- Multi-layered physical and logical views of the network in HTML and Visio formats.
- Use of network inventory reports to know what is in your network.
- Automated configuration, network auditing and policy compliance assurance.
- Ensuring security compliance and detecting configuration problems.

Course Availability

Classroom Training

50 Training Credits

Classroom Training is available to any Riverbed® customer or partner and includes lectures by a Riverbed® Certified Solution Instructor and access to the Riverbed® University eLab for hands-on experience.

Each class is priced per student attendee. We recommend dedicated classroom training for organizations with 8 or more students.

Dedicated Classroom Training

Dedicated Classroom Training is available exclusively for one customer at a customer-designated facility. Each class includes lectures by a Riverbed® Solution Instructor and access to the Riverbed® University eLab. Each class is priced per event and is ideally suited for 8 students to 14 students.
