

# NPM200 Network Performance Management Essentials

## Course Description

This five-day solution-focused class offers an introduction to Riverbed® SteelCentral™ NetProfiler, SteelCentral Flow Gateway, SteelCentral NetShark, and SteelCentral Packet Analyzer for network performance management. It covers hands-on installation, configuration, and reporting using these SteelCentral products, as well as an introduction to packet analysis using Wireshark.

This course is specifically designed for Riverbed customers and resellers/partners involved in the design or deployment of these Riverbed SteelCentral products for network performance management.

## Course Topics

### Network Monitoring Overview

- SteelCentral solution overview
- Network instrumentation
- Host groups & definitions
- Asset discovery & inventory
- Reporting & performance metrics
- Interactive dashboards

### Leveraging SteelCentral Products

- Network behavior evaluation
- Service mapping & monitoring

### Deploying SteelCentral Products

- SteelCentral deployment planning
- Sizing & specifications

### SteelCentral NetShark & SteelCentral Packet Analyzer

- Introduction & installation
- Integrating with SteelCentral Packet Analyzer
- Using views & trace clips
- Filtering, analytics & reporting
- Transaction analysis
- Wireshark packet analysis

## Course Availability

### Classroom Training - 50 Training Credits

Classroom training is available to any Riverbed customer or partner and includes lectures by a Riverbed Certified Solution Instructor and access to the Riverbed University eLab for hands-on experience. Each class is priced per student attendee. We recommend dedicated classroom training for eight or more students.

### Online Classroom Training - 50 Training Credits

Online classroom training is taught remotely. Each online classroom training session includes real-time lectures with a Riverbed Certified Solution Instructor and remote access to the Riverbed University eLab. Each class is priced per student attendee with a maximum of 16 students.

### Dedicated Classroom Training

Dedicated classroom training is available exclusively for one customer at a customer-designated facility. Each class includes lectures by a Riverbed Solution Instructor and remote access to the Riverbed University eLab. Each class is priced per event and is ideally suited for eight students to 14 students.
